Objective

The Composite aims to outperform the ALBI by 1.25% per annum before the deduction of taxes and fees and with income reinvested over a rolling 3-year period.

Composition

The Composite may invest in a wide range of debt instruments including those issued by government, parastatals, corporates as well as securitised assets. The inclusion of assets is subject to credit committee approval.

The Composite is allowed to invest up to 55% in unlisted credit and in addition, to invest in up to 5% equity assets (primarily through the Development Equity Fund) subject to investment committee approval. The resulting effect is in good risk-adjusted alpha generation over time.

In order to retain adequate liquidity and flexibility, and in the course of managing new investments, asset maturities and sales and fund-flows, the Composite usually maintains a high degree of liquid and/or non-developmental assets.

Social impact

The Composite aims to provide investors with a vehicle that facilitates infrastructural, social, environmental and economic development in southern Africa and delivers on a variety of social impact requirements such as job creation, affordable housing, access to services and healthcare.

Derivative disclosure: Market derivatives are used frequently and extensively to manage interest rate risk of the fund relative to the benchmark, and to enable the acquisition of short-term or floating rate instruments in the fund. Market derivatives are used less frequently to opportunistically add value due to mispricings. The manager does not employ "naked" written options strategies to increase yield. Credit derivatives are allowed, but used infrequently and only within credit policies and limits. **FAIS disclaimer:** Futuregrowth Asset Management (Pty) Ltd ("Futuregrowth") is a licensed discretionary financial services provider, FSP 520, approved by the Registrar of the Financial Sector Conduct Authority to provide intermediary services and advice in terms of the Financial Advisory and Intermediary Services Act 37 of 2002.
