

FUTUREGROWTH ASSET MANAGEMENT IS RECRUITING!

We have an exciting opportunity available for a **Contract Responsible Investments (RI) Data Analyst**.

Futuregrowth is committed to transformation. A strong preference will be given to suitably qualified previously disadvantaged candidates.

Contract RI Data Analyst

Are you passionate about investments and are you seeking an opportunity to broaden your knowledge in the Responsible Investments space? Do you have strong communication, organisational and interpersonal skills? Are you a self-starter, detail-orientated and adaptable, with a strong and ethical base? Then this position might be for you!

Who is Futuregrowth?

Futuregrowth has been South Africa's leading developmental, responsible and fixed-income investor for over 25 years. We manage a range of fixed interest and development funds and play a key leadership role in the South African asset management industry. We are committed to investing our clients' funds in a responsible manner, with the interests of our clients always coming first.

Purpose of the position

We are seeking a detail-oriented Finance Graduate to collect, analyse, and consolidate RI data.

This is a short-term contract role, ideal for a Business Science or BCom graduate seeking practical exposure within the investment environment. The successful candidate will play a critical role in ensuring accurate and timely delivery of RI information during the 2-month contract period.

Key responsibilities of the position

- Responsible Investment data collection and analysis across Futuregrowth's portfolios, including:
 - sourcing information;
 - extracting key metrics from annual reports; and
 - producing analytical outputs in standardised formats.

Knowledge, qualifications and experience required

Professional qualifications and skills:

- Business Science, BCom, or related finance degree;
- Strong proficiency in Microsoft Excel is essential;
- Exposure to or working knowledge of Power BI will be advantageous; and
- Demonstrated ability to work with incomplete or evolving datasets.

Key behaviours and competencies:

- Highly organised, systematic, and methodical working style;
- Strong attention to detail and follow through;
- Confident and professional communicator, comfortable engaging with internal stakeholders and external counterparties;
- Reliable, diligent, and delivery focused; and
- Ability to work independently and meet deadlines.

Important Note to Applicants:

This is a short term, fixed duration contract. While the role offers valuable exposure and learning opportunities, there is no guarantee of extension or permanent employment
